

EFSS/EIP Child

Problem	Category	Target	Guide
Neglect	Assess (Surv)	signs/symptoms-physical	untreated illness/disease/infection; poor personal hygiene; inappropriate clothing; evidence of malnutrition
Neglect	Assess (Surv)	signs/symptoms-mental/emotional	behavior inappropriate for age/development; behavioral extremes
Neglect	Assess (Surv)	sickness/injury care	recognize need for care and follow-up
Neglect	Assess (Surv)	safety	appropriate supervision
Abuse	Assess (Surv)	signs/symptoms-physical	unexplained injuries
Abuse	Assess (Surv)	signs/symptoms-mental/emotional	wariness of physical contact; behavior inappropriate for age; behavioral extremes; fear of abuser
Growth and development	Assess (Surv)	signs/symptoms-physical	height; weight; head circumference
Growth and development	Assess (Surv)	signs/symptoms-physical	physical delays/issues
Growth and development	Assess (Surv)	signs/symptoms-mental/emotional	difficulty with interaction; difficulty with communication; behavior inappropriate for age; behavioral extremes
Growth and development	Assess (Surv)	growth/development care	appropriate developmental tasks for age/condition; appropriate growth pattern for family/group status
Growth and development	Assess (Surv)	screening procedures	ASQ, ASQ-SE, Denver II, Region X
Growth and development	Assess (Surv)	rest/sleep	appropriate for age/condition; consistent patterns
Growth and development	Assess (Surv)	communication	expression of needs; expressive language; receptive language
Growth and development	Assess (Surv)	stimulation/nurturance	environmental conditions; age/condition appropriate games/toys/media; language development
Growth and development	Assess (Surv)	stimulation/nurturance	social activities/opportunities
Growth and development	Assess (Surv)	bonding/attachment	responses to parent/caregiver's stimulation/nurturance
Growth and development	Assess (Surv)	discipline	methods; appropriate; consistent; child's response to
Growth and development	Assess (Surv)	education	client's attitude about progress; parent/caregiver's attitude toward

			client's progress; appropriateness of grade level/program
Growth and development	Teach (TGC)	growth/development care	condition-specific options; realistic expectations; developmental tasks
Growth and development	Teach (TGC)	screening procedures	need for further developmental evaluation; observe for age/condition symptoms
Growth and development	Teach (TGC)	safety	concerns for each stage of development/condition
Growth and development	Teach (TGC)	personal hygiene	age/condition-appropriate independent behaviors; toileting
Growth and development	Teach (TGC)	stimulation/nurturance	age/condition-appropriate games/toys/media; opportunities for socialization
Growth and development	Teach (TGC)	discipline	age/condition-appropriate measures
Growth and development	Teach (TGC)	education	consistent interaction with school; special needs programs/classes
Growth and development	Manage (CMgt)	growth/development care	need for further developmental follow up
Growth and development	Manage (CMgt)	growth/development care	resources for Early Intervention Services; FRC, CDC, School Dist.
Growth and development	Manage (CMgt)	support group	age/cultural/condition-specific group for parents, grandparents, chronic/terminal -illness, etc.; reliable Internet sites
Growth and development	Manage (CMgt)	stimulation/nurturance	Head Start, ECEAP, other group activities
Growth and development	Manage (CMgt)	medical/dental care	evaluation
Growth and development	Manage (CMgt)	social work/counseling care evaluation	
Health care supervision	Assess (Surv)	signs/symptoms-physical	evidence of disease/infection; when to notify providers
Health care supervision	Assess (Surv)	signs/symptoms-mental/emotional	coping mechanisms; behavioral changes
Health care supervision	Assess (Surv)	medical/dental care	follows plan of care; adequate/appropriate; receives care when scheduled
Health care supervision	Assess (Surv)	medical/dental care	well child exams, immunizations current
Health care supervision	Teach (TGC)	medication action/side effects	role of pharmacist; importance of following schedule
Health care supervision	Teach (TGC)	wellness	avoid areas that are high-risk for infection

Health care supervision	Teach (TGC)	wellness	immunizations; influenza and pneumonia vaccinations (Synagis)
Health care supervision	Teach (TGC)	wellness	importance of routine preventive evaluations; routine dental care
Health care supervision	Teach (TGC)	wellness	lifestyle includes physical/emotional/spiritual activities
Health care supervision	Teach (TGC)	communication	how to interact with providers; advocating for child
Health care supervision	Teach (TGC)	medical/dental care	preventive care vs. emergency care; importance of a Medical Home
Health care supervision	Teach (TGC)	continuity of care	coordination among providers; follows plan of care; need for multiple providers
Health care supervision	Manage (CMgt)	finances	community resources; family resources
Health care supervision	Manage (CMgt)	finances	Health Outreach worker - medical coverage; open coupon or HMO casemanager
